Additional Services:

Puppy/Senior Visits:

During this 30-minute visit I will take your canine companion outside, switch any pee-pads, replenish food and water, administer medications, and of course, give them plenty of love and playtime.

Pet-sitting:

I offer a home away from home for your canine companion while you are away, whether you are going away or just want a night out on the town and don't want to leave your dog home all alone. I take care of your pup in a safe and fun environment. Unlike many kennels and boarding facilities, I am with your dog overnight and give plenty of one-on-one attention and as much love and cuddles as we can fit in I also ensure your dog gets a minimum of one full hour of exercise everyday. Your dog is sure to have tons of fun and receive plenty of love while he stays with me.

Areas:

RAMBLE ON! is now servicing the NW and SW inner area communities of Calgary. However, I would be happy to discuss my services for neighborhoods beyond my regular area.

To ensure it is a good match, I like to do an initial meet & greet with you and your tail-wagger. Please contact me to arrange a meeting.

About me:

I am extremely passionate about animals and have devoted much of my life to making them happy.

There is nothing that makes me happier than seeing a happy animal.

Some of my experience working with animals includes:

- Working as a hydrotherapy technician at The Canine Fitness Centre
- Volunteering with the Alberta Spay and Neuter Task Force
- Fostering sick and abused animals through Pawsitive Match

I am also Certified in Pet First Aid.

Let me take your furry friend out for a nice long walk full of playing, exploring and lots of hugs and kisses in one of Calgary's beautiful off-leash parks.

I also offer private walks and puppy/senior visits for those dogs that need a little extra care.

My experience working with all types of breeds and personalities of dogs on a regular basis will allow you to be confident that your loved one is in good hands.
